

## THE ARIZONA REPUBLICAN.

The REPUBLICAN has double the circulation of any other daily newspaper in Arizona, and is the only one issued every day in the year.

Preferred Locals 10 cents per line first insertion, and 5 cents per line each subsequent insertion.  
All contracts and bills for advertising payable monthly.

## CONDENSED TELEGRAMS.

Joe Coburn, the puglist, died last evening of consumption at New York.

An epidemic of diphtheria is reported at Lessor, Minn. Twenty cases have occurred so far and three deaths.

At Rio Janeiro, the commission having the matter in charge has reported in favor of a Republican constitution.

The French tariff commission continues to increase duties, despite the protest of the Minister of Commerce.

According to the late census and the amount of money reported, if divided equally, each person would have \$23.25.

There is a heavy demand in London for gold from New York. The first shipment is just announced, and \$2,500,000 of gold was forwarded yesterday.

After a long discussion on Koch's treatment the Parisian medical faculty have concluded that it was still difficult to decide as to the value of the remedy.

It is reported that the Czar has forbidden his subjects to enter Monaco on account of the ruin brought to many wealthy Russian families through the gaming tables there.

A company has been formed with W. C. Coup, the showman, at the head and with \$75,000 capital, to build, equip and run a novelty in the amusement line, nothing less than an Eden Musee on wheels. Five huge white and gold cars, fitted up and filled with rare curios, compose the train, which will visit a number of eastern cities during the winter.

## California's Good Fortune.

From the Rural New Yorker.

There is, apparently, no end to California's good fortune this year. The present fruit failure has given the fruit-growers of the State a chance to several things which they were desirous of demonstrating. California fruits have a flavor and excellence particularly their own. The growers are experts at packing, the quality of the fruit is strictly first-class, and it can be sold at auction by sample, because one package is as good as another. People appreciate these things, and are willing to pay for them. But this is not the only result of the poor fruit year. Nurserymen have been accustomed to go to Tennessee for their peach pits. Now they buy from California. We are told that "California peach pits are in about as sharp demand as California dried peaches." These are the articles that have been used in former "years for fuel or road-making." Lucky State! Lucky State!

## Approximately Correct.

From the Lowell Citizen.

Black—I hear that our old friend Gay-boy has married. Well, I suppose he has settled down, and now is as true as the needle to the pole.

White (a professor of natural science)—Yes; with the customary allowance for outside attraction, of course.

## How Foolish.

From Harper's Bazaar.

"It was a magnificent mine, but they ruined it." "How?" "The poor idiots took all the gold out of it."

## FRUIT STATISTICS.

Figures Desired on this Season's Crop in Arizona.

The fruit growers and land owners are urgently requested to cut out and fill the blank form below with information regarding their orchards, and send to H. R. Patrick, secretary of Arizona Fruit Growers' Association, to show the society how much fruit is already out and what will be put in this season. This information will be useful in many ways.
